I guess if you are intent on getting the word out about the draft permits we could set up some radio announcements – or possibly – some radio interviews if you’re comfortable with that. It is true that radio is often a big source of information in rural states like SD.

I’ll bring it up with Rich/Andrew as well.

Hi Lisa: any thoughts on the above for the DB permit actions? I think Rich recorded a 2017 version but am wondering if we should do this again for local radio stations? I don’t recall how many actually broadcast what we recorded.
